DRUID

The fury of a storm, the gentle strength of the morning sun, the cunning of the fox, the power of the bear—all these and more are at the druid's command. The druid however, claims no mastery over nature. That claim, she says, is the empty boast of a city dweller. The druid gains her power not by ruling nature but by being at one with it. To trespassers in a druid's sacred grove, and to those who feel her wrath, the distinction is overly fine.

Adventures: Druids adventure to gain knowledge (especially about animals and plants unfamiliar to them) and power. Sometimes, their superiors call on their services. Druids may also bring their power to bear against those who threaten what they love, which more often includes ancient stands of trees or trackless mountains than people. While druids accept that which is horrific or cruel in nature, they hate that which is unnatural, including aberrations (such as beholders and carrion crawlers) and undead (such as zombies and vampires). Druids sometimes lead raids against such creatures, especially when they encroach on the druids' territory.

Characteristics: Druids cast divine spells much the same way clerics do, though most get their spells from the power of nature rather than from deities. Their spells are oriented toward nature and animals. In addition to spells, druids gain an increasing array of magical powers, including the ability to take the shapes of animals, as they advance in level.

The armor of a druid are restricted by traditional oaths to the items noted in Weapon and Armor proficiency (below),All other armor is prohibited. Though a druid could learn to wear full plate, putting it on would violate her oath and suppress her druidic powers.

Druids avoid carrying much worked metal with them because it interferes with the pure and primal nature that they attempt to embody.

Alignment: Druids, in keeping with nature's ultimate indifference, must maintain at least some measure of dispassion. As such, they must be neutral on at least one alignment axis (chaotic–lawful or good–evil), if not both. Just as nature encompasses such dichotomies as life and death, beauty and horror, and peace and violence, so two druids can manifest different or even opposite alignments (neutral good and neutral evil, for instance) and still be part of the druidic tradition.

Religion: A druid reveres nature above all. She gains her magical power either from the force of nature itself or from a nature deity. The typical druid pursues a mystic spirituality of transcendent union with nature rather than devoting herself to a divine entity. Still, some druids revere or at least respect either Obad-Hai (god of nature) or Ehlonna (goddess of the woodlands).

Background: Though their organization is invisible to most outsiders, who consider druids to be loners, druids are actually part of a society that spans the land, ignoring political borders. A prospective druid is inducted into this society through secret rituals, including tests that not all survive. Only after achieving some level of competence is the druid allowed to strike out on her own.

All druids are nominally members of this druidic society, though some individuals are so isolated that they have never seen any highranking members of the society or participated in druidic gatherings. All druids recognize each other as brothers and sisters. Like true creatures of the wilderness, however, druids sometimes compete with or even prey on each other.

A druid may be expected to perform services for higher-ranking druids, though proper payment is tendered for such assignments. Likewise, a lower-ranking druid may appeal for aid from her higher-ranking comrades in exchange for a fair price in coin or service.

Druids may live in small towns, but they always spend a good portion of their time in wild areas. Even large cities surrounded by cultivated land as far as the eye can see often have druid groves nearby—small, wild refuges where druids live and which they protect fiercely. Near coastal cities, such refuges may be nearby islands, where the druids can find the isolation they need.

Races: Elves and gnomes have an affinity for natural lands and often become druids. Humans and halfelves also frequently adopt this path, and druids are particularly common among savage humans. Dwarves, halflings, and half-orcs are rarely druids.

Few from among the brutal humanoids are inducted into druidic society, though gnolls have a fair contingent of evil

druids among them. Gnoll druids are accepted, though perhaps not welcomed, by druids of other races.

Other Classes: The druid shares with rangers and many barbarians a reverence for nature and a familiarity with natural lands. She doesn't much understand the urban mannerism typical of a rogue, and she finds arcane magic disruptive and slightly distasteful. The typical druid also dislikes the paladin's devotion to abstract ideals instead of "the real world." Druids, however, are nothing if not accepting of diversity, and they take little offense at other characters, even those very different from them.

Role: The druid enjoys extraordinary versatility. Though she lacks the sheer healing power of the cleric, she makes up for it with additional offensive power, thanks to her spell selection and wild shape ability. A druid back up by another secondary healer (such as a paladin) can prove extremely valuable to a group of adventurers. Her animal companion also provides valuable melee combat support.

GAME RULE INFORMATION

Druids have the following game statistics.

Abilities: Wisdom determines how powerful a spell a druid can cast, how many spells she can cast per day, and how hard those spells are to resist. To cast a spell, a druid must have a Wisdom score of 10 + the spell's level. A druid gets bonus spells based on Wisdom. The Difficulty Class of a saving throw against a druid's spell is 10 + the spell's level + the druid's Wisdom modifier.

Since a druid wears light or medium armor, a high Dexterity score greatly improves her defensive ability.

Alignment: Neutral good, lawful neutral, neutral, chaotic neutral, or neutral evil.

Hit Die: d8.

Class Skills

The druid's class skills (and the key ability for each skill) are Concentration (Con), Craft (Int), Diplomacy (Cha), Handle Animal (Cha), Heal (Wis), Knowledge (nature) (Int), Listen (Wis), Profession (Wis), Ride (Dex), Spellcraft (Int), Spot (Wis), Survival (Wis), and Swim (Str). See Chapter 4: Skills for skill descriptions.

Skill Points at 1st Level: (4 + Int modifier) × 4.

Skill Points at Each Additional Level: 4 + Int modifier.

Class Features

All of the following are class features of the druid.

Weapon and Armor Proficiency:

Druids are proficient with the following weapons: club, dagger, dart, quarterstaff, scimitar, sickle, shortspear, sling, and spear. They are also proficient with all natural attacks (claw, bite, and so forth) of any form they assume with wild shape (see below).

Druids are proficient with light and medium armor but are prohibited from wearing metal armor; thus, they may wear only padded, leather, or hide armor. (A druid may also wear wooden armor that has been altered by the *ironwood* spell so that it functions as though it were steel. See the *ironwood* spell description, page 246) Druids are proficient with shields (except tower shields) but must use only wooden ones.

A druid who wears prohibited armor or carries a prohibited shield is unable to cast druid spells or use any of her supernatural or spelllike class abilities while doing so and for 24 hours thereafter.

Spells: A druid casts divine spells (the same type of spells available to the cleric, paladin, and ranger), which are drawn from the druid spell list (page 189). Her alignment may restrict her from casting certain spells opposed to her moral or ethical beliefs; see Chaotic, Evil, Good, and Lawful Spells, below. A druid must choose and prepare her spells in advance (see below).

To prepare or cast a spell, the druid must have a Wisdom score equal to at least 10 + the spell level (Wis 10 for 0-level spells, Wis 11 for 1st-level spells, and so forth). The Difficulty Class for a saving throw against a druid's spell is 10 + the spell level + the druid's Wisdom modifier.

Like other spellcasters, a druid can cast only a certain number of spells of each spell level per day. Her base daily spell allotment is given on Table 3–8: The Druid. In addition, she receives bonus spells per day if she has a high Wisdom score (see Table 1–1: Ability Modifiers and Bonus Spells, page8). She does not have access to any domain spells or granted powers, as a cleric does.

A druid prepares and casts spells the way a cleric does, though she cannot lose a prepared spell to cast a *cure* spell in its place (but see Spontaneous Casting, below). A druid may prepare and cast any spell on the druid spell list (page 189), provided that she can cast spells of that level, but she must choose which spells to prepare during her daily meditation.

Spontaneous Casting: A druid can channel stored spell energy into summoning spells that she hasn't prepared ahead of time. She can "lose" a prepared spell in order to cast any *summon nature's ally* spell of the same level or lower. For example, a druid who has prepared *repel vermin* (a 4th-level spell) may lose *repel vermin* in order to cast *summon nature's ally IV* (also a 4th-level spell).

Chaotic, Evil, Good, and Lawful Spells: A druid can't cast spells of an alignment opposed to her own or her deity's (if she has one). For example, a neutral good druid cannot cast evil spells. Spells associated with particular alignments are indicated by the chaos, evil, good, and law descriptors in their spell descriptions (see Chapter 11: Spells).

Bonus Languages: A druid's bonus language options include Sylvan, the language of woodland creatures. This choice is in addition to the bonus languages available to the character because of her race (see Race and Languages, page 12, and the Speak Language skill, page 82).

A druid also knows Druidic, a secret language known only to druids, which she learns upon becoming a 1st-level druid. Druidic is a free language for a druid; that is, she knows it in addition to her regular allotment of languages and it doesn't take up a language slot. Druids are forbidden to teach this language to nondruids. Druidic has its own alphabet.

Animal Companion (Ex): A druid may begin play with an animal companion selected from the following list: badger, camel, dire rat, dog, riding dog, eagle, hawk, horse (light or heavy), owl, pony, snake (Small or Medium viper), or wolf. If the DM's campaign takes place wholly or partly in an aquatic environment, the DM may add the following creatures to the druid's list of options: crocodile, porpoise, Medium shark, and squid. This animal is a loyal companion that accompanies the druid on her adventures as appropriate for its kind.

A 1st-level druid's companion is completely typical for its kind except as noted in the sidebar on page 36. As a druid advances in level, the animal's power increases as shown on the table in the sidebar.

If a druid releases her companion from service, she may gain a new one by performing a ceremony requiring 24 uninterrupted hours of prayer. This ceremony can also replace an animal companion that has perished.

A druid of 4th level or higher may select from alternative lists of animals (see the sidebar). Should she select an animal companion from one of these alternative lists, the creature gains abilities as if the character's druid level were lower than it actually is. Subtract the value indicated in the appropriate list header from the character's druid level and compare the result with the druid level entry on the table in the sidebar to determine the animal companion's powers. (If this adjustment would reduce the druid's effective level to 0 or lower, she can't have that animal as a companion.) For example, a 6th-level druid could select a leopard as an animal companion. The leopard would have characteristics and special abilities as if the druid were 3rd level (taking into account the –3 adjustment) instead of 6th level.

Nature Sense (Ex): A druid gains a +2 bonus on Knowledge (nature) and Survival checks.

Wild Empathy (Ex): A druid can use body language, vocalizations, and demeanor to improve the attitude of an animal (such as a bear or a monitor lizard). This ability functions just like a Diplomacy check made to improve the attitude of a person (see Chapter 4: Skills). The druid rolls 1d20 and adds her druid level and her Charisma modifier to determine the wild empathy check result. The typical domestic animal has a starting attitude of indifferent, while wild animals are usually unfriendly.

To use wild empathy, the druid and the animal must be able to study each other, which means that they must be within 30 feet of one another under normal conditions. Generally, influencing an animal in this way takes 1 minute but, as with influencing people, it might take more or less time.

A druid can also use this ability to influence a magical beast with an Intelligence score of 1 or 2 (such as a basilisk or a girallon), but she takes a –4 penalty on the check.

Woodland Stride (Ex): Starting at 2nd level, a druid may move through any sort of undergrowth (such as natural thorns, briars, overgrown areas, and similar terrain) at her normal speed and without taking damage or suffering any other impairment. However, thorns, briars, and overgrown areas that have been magically manipulated to impede motion still affect her.

Trackless Step (Ex): Starting at 3rd level, a druid leaves no trail in natural surroundings and cannot be tracked. She may choose to leave a trail if so desired.

Resist Nature's Lure (Ex): Starting at 4th level, a druid gains a +4 bonus on saving throws against the spell-like abilities of fey (such as dryads, pixies, and sprites).

Wild Shape (Su): At 5th level, a druid gains the ability to turn herself into any Small or Medium animal and back again once per day. Her options for new forms include all creatures with the animal type (see the *Monster Manual*). This ability functions like the p*olymorph* spell, except as noted here. The effect lasts for 1 hour per druid level, or until she changes back. Changing form (to animal or back) is a standard action and doesn't provoke an attack of opportunity.

The form chosen must be that of an animal the druid is familiar with. For example, a druid who has never been outside a temperate forest could not become a polar bear.

A druid loses her ability to speak while in animal form because she is limited to the sounds that a normal, untrained animal can make, but she can communicate normally with other animals of the same general grouping as her new form. (The normal sound a wild parrot makes is a squawk, so changing to this form does not permit speech.)

A druid can use this ability more times per day at 6th, 7th, 10th, 14th, and 18th level, as noted on Table 3–8: The Druid. In addition, she gains the ability to take the shape of a Large animal at 8th level, a Tiny animal at 11th level, and a Huge animal at 15th level. The new form's Hit Dice can't exceed the character's druid level. For instance, a druid can't take the form of a dire bear (a Large creature that always has at least 12 HD) until 12th level, even though she can begin taking Large forms at 8th level.

At 12th level, a druid becomes able to use wild shape to change into a plant creature, such as a shambling mound, with the same size restrictions as for animal forms. (A druid can't use this ability to take the form of a plant that isn't a creature, such as a tree or a rose bush.)

At 16th level, a druid becomes able to use wild shape to change into a Small, Medium, or Large elemental (air, earth, fire, or water) once per day. These elemental forms are in addition to her normal wild shape usage. In addition to the normal effects of wild shape, the druid gains all the elemental's extraordinary, supernatural, and spell-like abilities. She also gains the elemental's feats for as long as she maintains the wild shape, but she retains her own creature type (humanoid, in most cases).

At 18th level, a druid becomes able to assume elemental form twice per day, and at 20th level she can do so three times per day. At 20th level, a druid may use this wild shape ability to change into a Huge elemental.

Venom Immunity (Ex): At 9th level, a druid gains immunity to all poisons.

A Thousand Faces (Su): At 13th level, a druid gains the ability to change her appearance at will, as if using the *alter self* spell (page 197), but only while in her normal form.

Timeless Body (Ex): After attaining 15th level, a druid no longer takes ability score penalties for aging (see Table 6–5: Aging Effects, page 109) and cannot be magically aged. Any penalties she may have already incurred, however, remain in place. Bonuses still accrue, and the druid still dies of old age when her time is up.

Ex-Druids

A druid who ceases to revere nature, changes to a prohibited alignment, or teaches the Druidic language to a nondruid loses all spells and druid abilities (including her animal companion, but not including weapon, armor, and shield proficiencies). She cannot thereafter gain levels as a druid until she atones (see the *atonement* spell description, page 201).

THE DRUID'S ANIMAL COMPANION

A druid's animal companion is different from a normal animal of its kind in many ways. The companion is treated as a magical beast, not an animal, for the purpose of all effects that depend on its type (though it retains an animal's HD, base attack bonus, saves, skill points, and feats). It is superior to a normal animal of its kind and has special powers, as described below.

Class Level	Bonus HD	Natural Armor Adj.	Str/Dex Adj.	Bonus Tricks	Special
1st–2nd	+0	+0	+0	1	Link, share spells
3rd–5th	+2	+2	+1	2	Evasion
6th–8th	+4	+4	+2	3	Devotion
9th–11th	+6	+6	+3	4	Multiattack
12th–14th	+8	+8	+4	5	
15th–17th	+10	+10	+5	6	Improved evasion
18th–20th	+12	+12	+6	7	

Animal Companion Basics: Use the base statistics for a creature of the companion's kind, as given in the *Monster Manual*, but make the following changes.

Class Level: The character's druid level. The druid's class levels stack with levels of any other classes that are entitled to an animal companion (such as the ranger) such for the purpose of determining the companion's abilities and the alternative lists available to the character.

Bonus HD: Extra eight-sided (d8) Hit Dice, each of which gains a Constitution modifier, as normal. Remember that extra Hit Dice improve the animal companion's base attack and base save bonuses. An animal companion's base attack bonus is the same as that of a druid of a level equal to the animal's HD. An animal companion has good Fortitude and Reflex saves (treat it as a character whose level equals the animal's HD). An animal companion gains additional skill points and feats for bonus HD as normal for advancing a monster's Hit Dice (see the *Monster Manual*).

Natural Armor Adj.: The number noted here is an improvement to the animal companion's existing natural armor bonus.

Str/Dex Adj.: Add this value to the animal companion's Strength and Dexterity scores.

Bonus Tricks: The value given in this column is the total number of "bonus" tricks that the animal knows in addition to any that the druid might choose to teach it (see the Handle Animal skill, page 74). These bonus tricks don't require any training time or Handle Animal checks, and they don't count against the normal limit of tricks known by the animal. The druid selects these bonus tricks, and once selected, they can't be changed.

Link (Ex): A druid can handle her animal companion as a free action, or push it as a move action, even if she doesn't have any ranks in the Handle Animal skill. The druid gains a +4 circumstance bonus on all wild empathy checks and Handle Animal checks made regarding an animal companion.

Share Spells (Ex): At the druid's option, she may have any spell (but not any spell-like ability) she casts upon herself also affect her animal companion. The animal companion must be within 5 feet of her at the time of casting to receive the benefit. If the spell or effect has a duration other than instantaneous, it stops affecting the animal companion if the companion moves farther than 5 feet away and will not affect the animal again, even if it returns to the druid before the duration expires. Additionally, the druid may cast a spell with a target of "You" on her animal companion (as a touch range spell) instead of on herself. A druid and her animal companion can share spells even if the spells normally do not affect creatures of the companion's type (animal).

Evasion (Ex): If an animal companion is subjected to an attack that normally allows a Reflex saving throw for half damage, it takes no
damage if it makes a successful saving throw.

Devotion (Ex): An animal companion's devotion to its master is so complete that it gains a +4 morale bonus on Will saves against enchantment spells and effects.

Multiattack: An animal companion gains Multiattack as a bonus feat if it has three or more natural attacks (see the *Monster Manual* for details on this feat) and does not already have that feat. If it does not have the requisite three or more natural attacks, the animal companion instead gains a second attack with its primary natural weapon, albeit at a –5 penalty.

Improved Evasion (Ex): When subjected to an attack that normally allows a Reflex saving throw for half damage, an animal companion takes no damage if it makes a successful saving throw and only half damage if the saving throw fails.

Detect Poison: Detects poison in one creature or object.
Flare: Dazzles one creature (-1 penalty on attack rolls).
Guidance: +1 on one attack roll, saving throw, or skill check.
Know Direction: You discern north.
Mending: Makes minor repairs on an object.
Purify Food and Drink: Purifies 1 cu. Ft./level of food or water.
Read Magic[F]: Read scrolls and spellbooks.
Resistance: Subject gains +1 bonus on saving throws.
Virtue: Subject gains 1 temporary hp.

Create Water

Conjuration (Creation) [Water]
Level: Clr 0, Drd 0, Pal 1
Components: V, S
Casting Time: 1 standard action
Range: Close (25 ft. + 5 ft./2 levels)
Effect: Up to 2 gallons of water/level
Duration: Instantaneous
Saving Throw: None
Spell Resistance: No

This spell generates wholesome, drinkable water, just like clean rain water. Water can be created in an area as small as will actually contain the liquid, or in an area three times as large—possibly creating a downpour or filling many small receptacles.

Note: Conjuration spells can't create substances or objects within a creature. Water weighs about 8 pounds per gallon. One cubic foot of water contains roughly 8 gallons and weighs about 60 pounds.

Cure Minor Wounds

Conjuration (Healing)
Level: Clr 0, Drd 0

This spell functions like **cure light wounds*, except that it cures only 1 point of damage.

*Cure Light Wounds

Conjuration (Healing)
Level: Brd 1, Clr 1, Drd 1, Healing 1, Pal 1, Rgr 2
Components: V, S
Casting Time: 1 standard action
Range: Touch
Target: Creature touched
Duration: Instantaneous
Saving Throw: Will half (harmless); see text
Spell Resistance: Yes (harmless); see text

When laying your hand upon a living creature, you channel positive energy that cures 1d8 points of damage +1 point per caster level (maximum +5).

Since undead are powered by negative energy, this spell deals damage to them instead of curing their wounds. An undead creature can apply spell resistance, and can attempt a Will save to take half damage.

Detect Magic

Divination
Level: Brd 0, Clr 0, Drd 0, Sor/Wiz 0
Components: V, S
Casting Time: 1 standard action
Range: 60 ft.
Area: Cone-shaped emanation
Duration: Concentration, up to 1 min./level (D)
Saving Throw: None
Spell Resistance: No

You detect magical auras. The amount of information revealed depends on how long you study a particular area or subject.

1st Round: Presence or absence of magical auras.

2nd Round: Number of different magical auras and the power of the most potent aura.

3rd Round: The strength and location of each aura. If the items or creatures bearing the auras are in line of sight, you can make Spellcraft skill checks to determine the school of magic involved in each. (Make one check per aura; DC 15 + spell level, or 15 + half caster level for a nonspell effect.)

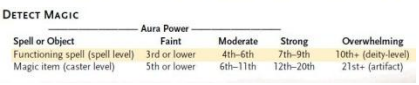

Magical areas, multiple types of magic, or strong local magical emanations may distort or conceal weaker auras.

Aura Strength: An aura's power depends on a spell's functioning spell level or an item's caster level. If an aura falls into more than one category, *detect magic* indicates the stronger of the two.

Lingering Aura: A magical aura lingers after its original source dissipates (in the case of a spell) or is destroyed (in the case of a magic item). If *detect magic* is cast and directed at such a location, the spell indicates an aura strength of dim (even weaker than a faint aura). How long the aura lingers at this dim level depends on its original power:

Original Strength	Duration of Lingering Aura
Faint	1d6 rounds
Moderate	1d6 minutes
Strong	1d6×10 minutes
Overwhelming	1d6 days

Outsiders and elementals are not magical in themselves, but if they are summoned,

DETECT MAGIC

Spell or Object	Aura Power: Faint	Moderate	Strong	Overwhelming
Functioning spell (spell level)	3rd or lower	4th–6th	7th–9th	10th+ (deity-level)

Detect Poison

Divination
Level: Clr 0, Drd 0, Pal 1, Rgr 1, Sor/Wiz 0
Components: V, S
Casting Time: 1 standard action
Range: Close (25 ft. + 5 ft./2 levels)
Target or Area: One creature, one object, or a 5-ft. cube
Duration: Instantaneous
Saving Throw: None
Spell Resistance: No

You determine whether a creature, object, or area has been poisoned or is poisonous. You can determine the exact type of poison with a DC 20 Wisdom check. A character with the Craft (alchemy) skill may try a DC 20 Craft (alchemy) check if the Wisdom check fails, or may try the Craft (alchemy) check prior to the Wisdom check.

The spell can penetrate barriers, but 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt blocks it.

Flare

Evocation [Light]
Level: Brd 0, Drd 0, Sor/Wiz 0
Components: V
Casting Time: 1 standard action
Range: Close (25 ft. + 5 ft./2 levels)
Effect: Burst of light
Duration: Instantaneous
Saving Throw: Fortitude negates
Spell Resistance: Yes

This cantrip creates a burst of light. If you cause the light to burst directly in front of a single creature, that creature is dazzled for 1 minute unless it makes a successful Fortitude save. Sightless creatures, as well as creatures already dazzled, are not affected by *flare*.

Guidance

Divination
Level: Clr 0, Drd 0
Components: V, S
Casting Time: 1 standard action
Range: Touch
Target: Creature touched
Duration: 1 minute or until discharged
Saving Throw: Will negates (harmless)
Spell Resistance: Yes

This spell imbues the subject with a touch of divine guidance. The creature gets a +1 competence bonus on a single attack roll, saving throw, or skill check. It must choose to use the bonus before making the roll to which it applies.

Know Direction

Divination
Level: Brd 0, Drd 0
Components: V, S
Casting Time: 1 standard action
Range: Personal
Target: You
Duration: Instantaneous

You instantly know the direction of north from your current position. The spell is effective in any environment in which "north" exists, but it may not work in extraplanar settings. Your knowledge of north is correct at the moment of casting, but you can get lost again within moments if you don't find some external reference point to help you keep track of direction.

Mending

Transmutation
Level: Brd 0, Clr 0, Drd 0, Sor/Wiz 0
Components: V, S
Casting Time: 1 standard action
Range: 10 ft.
Target: One object of up to 1 lb.
Duration: Instantaneous
Saving Throw: Will negates (harmless, object)
Spell Resistance: Yes (harmless, object)

Mending repairs small breaks or tears in objects (but not warps, such as might be caused by a *warp wood* spell). It will weld broken metallic objects such as a ring, a chain link, a medallion, or a slender dagger, providing but one break exists. Ceramic or wooden objects with multiple breaks can be invisibly rejoined to be as strong as new. A hole in a leather sack or a wineskin is completely healed over by *mending*. The spell can repair a magic item, but the item's magical abilities are not restored. (For restoring a broken magic item's abilities, see the item creation feats in Chapter 5: Feats.) The spell cannot mend broken magic rods, staffs, or wands, nor does it affect creatures (including constructs).

Purify Food and Drink

Transmutation
Level: Clr 0, Drd 0
Components: V, S
Casting Time: 1 standard action
Range: 10 ft.
Target: 1 cu. ft./level of contaminated food and water
Duration: Instantaneous
Saving Throw: Will negates (object)
Spell Resistance: Yes (object)

This spell makes spoiled, rotten, poisonous, or otherwise contaminated food and water pure and suitable for eating and drinking. This spell does not prevent subsequent natural decay or spoilage. Unholy water and similar food and drink of significance is spoiled by *purify food and drink*, but the spell has no effect on creatures of any type nor upon magic potions.

Note: Water weighs about 8 pounds per gallon. One cubic foot of water contains roughly 8 gallons and weighs about 60 pounds.

Read Magic

Divination
Level: Brd 0, Clr 0, Drd 0, Pal 1, Rgr 1, Sor/Wiz 0
Components: V, S, F
Focus: A clear crystal or mineral prism.
Casting Time: 1 standard action
Range: Personal
Target: You
Duration: 10 min./level

By means of *read magic*, you can decipher magical inscriptions on objects—books, scrolls, weapons, and the like—that would otherwise be unintelligible. This deciphering does not normally invoke the magic contained in the writing, although it may do so in the case of a cursed scroll. Furthermore, once the spell is cast and you have read the magical inscription, you are thereafter able to read that particular writing without recourse to the use of *read magic*. You can read at the rate of one page (250 words) per minute. The spell allows you to identify a *glyph of warding* with a DC 13 Spellcraft check, a *greater glyph of warding* with a DC 16 Spellcraft check, or any *symbol* spell with a Spellcraft check (DC 10 + spell level).

Read magic can be made permanent with a *permanency* spell.

Calm Animals

Enchantment (Compulsion) [Mind-Affecting]
Level: Animal 1, Drd 1, Rgr 1
Components: V, S
Casting Time: 1 standard action
Range: Close (25 ft. + 5 ft./2 levels)
Targets: Animals within 30 ft. of each other
Duration: 1 min./level
Saving Throw: Will negates; see text
Spell Resistance: Yes

This spell soothes and quiets animals, rendering them docile and harmless. Only ordinary animals (those with Intelligence scores of 1 or 2) can be affected by this spell. All the subjects must be of the same kind, and no two may be more than 30 feet apart. The maximum number of Hit Dice of animals you can affect is equal to 2d4 + caster level. A dire animal or an animal trained to attack or guard is allowed a saving throw; other animals are not. (A druid could calm a normal bear or wolf with little trouble, but it's more difficult to affect a trained guard dog.)

The affected creatures remain where they are and do not attack or flee. They are not helpless and defend themselves normally if attacked. Any threat (such as fire, a hungry predator, or an imminent attack) breaks the spell on the threatened creatures.

Charm Animal

Enchantment (Charm) [Mind-Affecting]
Level: Drd 1, Rgr 1
Target: One animal

This spell functions like **charm person*, except that it affects a creature of the animal type. See the *Monster Manual* for more information on creature types.

*Charm Person

Enchantment (Charm) [Mind-Affecting]
Level: Brd 1, Sor/Wiz 1
Components: V, S
Casting Time: 1 standard action
Range: Close (25 ft. + 5 ft./2 levels)
Target: One humanoid creature
Duration: 1 hour/level
Saving Throw: Will negates
Spell Resistance: Yes

This charm makes a humanoid creature regard you as its trusted friend and ally (treat the target's attitude as friendly; see Influencing NPC Attitudes, page 72). If the creature is currently being threatened or attacked by you or your allies, however, it receives a +5 bonus on its saving throw.

The spell does not enable you to control the *charmed person* as if it were an automaton, but it perceives your words and actions in the most favorable way. You can try to give the subject orders, but you must win an opposed Charisma check to convince it to do anything it wouldn't ordinarily do. (Retries are not allowed.) An affected creature never obeys suicidal or obviously harmful orders, but a *charmed* fighter, for example, might believe you if you assured him that the only chance to save your life is for him to hold back an onrushing red dragon for "just a few seconds." Any act by you or your apparent allies that threatens the *charmed* person breaks the spell. You must speak the person's language to communicate your commands, or else be good at pantomiming.

Cure Light Wounds

Conjuration (Healing)
Level: Brd 1, Clr 1, Drd 1, Healing 1, Pal 1, Rgr 2
Components: V, S
Casting Time: 1 standard action
Range: Touch
Target: Creature touched
Duration: Instantaneous
Saving Throw: Will half (harmless); see text
Spell Resistance: Yes (harmless); see text

When laying your hand upon a living creature, you channel positive energy that cures 1d8 points of damage +1 point per caster level (maximum +5).

Since undead are powered by negative energy, this spell deals damage to them instead of curing their wounds. An undead creature can

apply spell resistance, and can attempt a Will save to take half damage.

Detect Animals or Plants

Divination
Level: Drd 1, Rgr 1
Components: V, S
Casting Time: 1 standard action
Range: Long (400 ft. + 40 ft./level)
Area: Cone-shaped emanation
Duration: Concentration, up to 10 min./level (D)
Saving Throw: None
Spell Resistance: No

You can detect a particular kind of animal or plant in a cone emanating out from you in whatever direction you face. You must think of a kind of animal or plant when using the spell, but you can change the animal or plant kind each round. The amount of information revealed depends on how long you search a particular area or focus on a specific kind of animal or plant.

1st Round: Presence or absence of that kind of animal or plant in the area.

2nd Round: Number of individuals of the specified kind in the area, and the condition of the healthiest specimen.

3rd Round: The condition (see below) and location of each individual present. If an animal or plant is outside your line of sight, then you discern its direction but not its exact location.

Conditions: For purposes of this spell, the categories of condition are as follows:

- Normal: Has at least 90% of full normal hit points, free of disease.
- Fair: 30% to 90% of full normal hit points remaining.
- Poor: Less than 30% of full normal hit points remaining, afflicted with a disease, or suffering from a debilitating injury.
- Weak: 0 or fewer hit points remaining, afflicted with a disease in the terminal stage, or crippled.

If a creature falls into more than one category, the spell indicates the weaker of the two.

Each round you can turn to detect a kind of animal or plant in a new area. The spell can penetrate barriers, but 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt blocks it.

The DM decides if a specific kind of animal or plant is present.

Detect Snares and Pits

Divination
Level: Drd 1, Rgr 1
Components: V, S
Casting Time: 1 standard action
Range: 60 ft.
Area: Cone-shaped emanation
Duration: Concentration, up to 10 min./level (D)
Saving Throw: None
Spell Resistance: No

You can detect simple pits, deadfalls, and snares as well as mechanical traps constructed of natural materials. The spell does not detect complex traps, including trapdoor traps.

Detect snares and pits does detect certain natural hazards—quicksand (a snare), a sinkhole (a pit), or unsafe walls of natural rock (a deadfall). However, it does not reveal other potentially dangerous conditions, such as a cavern that floods during rain, an unsafe construction, or a naturally poisonous plant. The spell does not detect magic traps (except those that operate by pit, deadfall, or snaring; see the spell *snare*), nor mechanically complex ones, nor those that have been rendered safe or inactive.

The amount of information revealed depends on how long you study a particular area.

1st Round: Presence or absence of hazards.

2nd Round: Number of hazards and the location of each. If a hazard is outside your line of sight, then you discern its direction but not its exact location.

Each Additional Round: The general type and trigger for one particular hazard closely examined by you.

Each round, you can turn to detect snares and pits in a new area. The spell can penetrate barriers, but 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt blocks it.

Endure Elements

Abjuration
Level: Clr 1, Drd 1, Pal 1, Rgr 1, Sor/Wiz 1, Sun 1
Components: V, S
Casting Time: 1 standard action
Range: Touch
Target: Creature touched
Duration: 24 hours
Saving Throw: Will negates (harmless)
Spell Resistance: Yes (harmless)

A creature protected by *endure elements* suffers no harm from being in a hot or cold environment. It can exist comfortably in conditions between –50 and 140 degrees Fahrenheit without having to make Fortitude saves (as described in the *Dungeon Master's Guide*). The creature's equipment is likewise protected.

Endure elements doesn't provide any protection from fire or cold damage, nor does it protect against other environmental hazards such as smoke, lack of air, and so forth.

Faerie Fire

Evocation [Light]
Level: Drd 1
Components: V, S, **DF**
Casting Time: 1 standard action
Range: Long (400 ft. + 40 ft./level)
Area: Creatures and objects within a 5-ft.-radius burst
Duration: 1 min./level (D)
Saving Throw: None
Spell Resistance: Yes

A pale glow surrounds and outlines the subjects. Outlined subjects shed light as candles. Outlined creatures do not benefit from the concealment normally provided by darkness (though a 2nd-level or higher magical *darkness* effect functions normally), *blur*, displacement, invisibility, or similar effects. The light is too dim to have any special effect on undead or darkdwelling creatures vulnerable to light. The *faerie fire* can be blue, green, or violet, according to your choice at the time of casting. The *faerie fire* does not cause any harm to the objects or creatures thus outlined.

Goodberry

Transmutation
Level: Drd 1
Components: V, S, **DF**
Casting Time: 1 standard action
Range: Touch
Targets: 2d4 fresh berries touched
Duration: One day/level
Saving Throw: None
Spell Resistance: Yes

Casting *goodberry* upon a handful of freshly picked berries makes 2d4 of them magical. You (as well as any other druid of 3rd or higher level) can immediately discern which berries are affected. Each transmuted berry provides nourishment as if it were a

normal meal for a Medium creature. The berry also cures 1 point of damage when eaten, subject to a maximum of 8 points of such curing in any 24-hour period.

Hide from Animals

Abjuration
Level: Drd 1, Rgr 1
Components: S, **DF**
Casting Time: 1 standard action
Range: Touch
Targets: One creature touched/level
Duration: 10 min./level (D)
Saving Throw: Will negates (harmless)
Spell Resistance: Yes

Animals cannot see, hear, or smell the warded creatures. Even extraordinary or supernatural sensory capabilities, such as blindsense, blindsight, scent, and tremorsense, cannot detect or locate warded creatures. Animals simply act as though the warded creatures are not there. Warded creatures could stand before the hungriest of lions and not be molested or even noticed. If a warded character touches an animal or attacks any creature, even with a spell, the spell ends for all recipients.

Jump

Transmutation
Level: Drd 1, Rgr 1, Sor/Wiz 1
Components: V, S, ~~M~~
Casting Time: 1 standard action
Range: Touch
Target: Creature touched
Duration: 1 min./level (D)
Saving Throw: Will negates (harmless)
Spell Resistance: Yes

The subject gets a +10 enhancement bonus on Jump checks. The enhancement bonus increases to +20 at caster level 5th, and to +30 (the maximum) at caster level 9th.

~~***Material Component:*** A grasshopper's hind leg, which you break when the spell is cast.~~

Longstrider

Transmutation
Level: Drd 1, Rgr 1, Travel 1
Components: V, S, ~~M~~
Casting Time: 1 standard action
Range: Personal
Target: You
Duration: 1 hour/level (D)

This spell increases your base land speed by 10 feet. (This adjustment counts as an enhancement bonus.) It has no effect on other modes of movement, such as burrow, climb, fly, or swim.

~~***Material Component:*** A pinch of dirt.~~

Magic Fang

Transmutation
Level: Drd 1, Rgr 1
Components: V, S, **DF**
Casting Time: 1 standard action
Range: Touch
Target: Living creature touched
Duration: 1 min./level
Saving Throw: Will negates (harmless)
Spell Resistance: Yes (harmless)

Magic fang gives one natural weapon of the subject a +1 enhancement bonus on attack and damage rolls. The spell can affect a slam attack, fist, bite, or other natural weapon. (The spell does not change an unarmed strike's damage from nonlethal damage to lethal damage.)

Magic fang can be made permanent with a *permanency* spell.

Magic Stone

Transmutation
Level: Clr 1, Drd 1, Earth 1
Components: V, S, **DF**
Casting Time: 1 standard action
Range: Touch
Targets: Up to three pebbles touched
Duration: 30 minutes or until discharged
Saving Throw: Will negates (harmless, object)
Spell Resistance: Yes (harmless, object)

You transmute as many as three pebbles, which can be no larger than sling bullets, so that they strike with great force when thrown or slung. If hurled, they have a range increment of 20 feet. If slung, treat them as sling bullets (range increment 50 feet). The spell gives them a +1 enhancement bonus on attack and damage rolls. The user of the stones makes a normal ranged attack. Each stone that hits deals 1d6+1 points of damage (including the spell's enhancement bonus), or 2d6+2 points against undead.

Obscuring Mist

Conjuration (Creation)
Level: Air 1, Clr 1, Drd 1, Sor/Wiz 1, Water 1
Components: V, S
Casting Time: 1 standard action
Range: 20 ft.
Effect: Cloud spreads in 20-ft. radius from you, 20 ft. high
Duration: 1 min./level
Saving Throw: None
Spell Resistance: No

A misty vapor arises around you. It is stationary once created. The vapor obscures all sight, including darkvision, beyond 5 feet. A creature 5 feet away has concealment (attacks have a 20% miss chance). Creatures farther away have total concealment (50% miss chance, and the attacker cannot use sight to locate the target).

A moderate wind (11+ mph), such as from a *gust of wind* spell, disperses the fog in 4 rounds. A strong wind (21+ mph) disperses the fog in 1 round. A *fireball*, *flame strike*, or similar spell burns away the fog in the explosive or fiery spell's area. A *wall of fire* burns away the fog in the area into which it deals damage.

This spell does not function underwater.

Pass without Trace

Transmutation
Level: Drd 1, Rgr 1
Components: V, S, **DF**
Casting Time: 1 standard action
Range: Touch
Targets: One creature/level touched
Duration: 1 hour/level (D)
Saving Throw: Will negates (harmless)
Spell Resistance: Yes (harmless)

The subject or subjects can move through any type of terrain—mud, snow, dust, or the like—and leave neither footprints nor scent. Tracking the subjects is impossible by nonmagical means.

Produce Flame

Evocation [Fire]
Level: Drd 1, Fire 2
Components: V, S
Casting Time: 1 standard action
Range: 0 ft.
Effect: Flame in your palm
Duration: 1 min./level (D)
Saving Throw: None
Spell Resistance: Yes

Flames as bright as a torch appear in your open hand. The flames harm neither you nor your equipment. In addition to providing illumination, the flames can be hurled or used to touch enemies. You can strike an opponent with a melee touch attack, dealing fire damage equal to 1d6 +1 point per caster level (maximum +5). Alternatively, you can hurl the flames up to 120 feet as a thrown weapon. When doing so, you attack with a ranged touch attack (with no range penalty) and deal the same damage as with the melee attack. No sooner do you hurl the flames than a new set appears in your hand. Each attack you make reduces the remaining duration by 1 minute. If an attack reduces the remaining duration to 0 minutes or less, the spell ends after the attack resolves.

This spell does not function underwater.

Shillelagh

Transmutation
Level: Drd 1
Components: V, S, **DF**
Casting Time: 1 standard action
Range: Touch
Target: One touched nonmagical oak club or quarterstaff
Duration: 1 min./level
Saving Throw: Will negates (object)
Spell Resistance: Yes (object)

Your own nonmagical club or quarterstaff becomes a weapon with a +1 enhancement bonus on attack and damage rolls. (A quarterstaff gains this enhancement for both ends of the weapon.) It deals damage as if it were two size categories larger (a Small club or quarterstaff so transmuted deals 1d8 points of damage, a Medium 2d6, and a Large 3d6), +1 for its enhancement bonus. These effects only occur when the weapon is wielded by you. If you do not wield it, the weapon behaves as if unaffected by this spell.

Speak with Animals

Divination
Level: Brd 3, Drd 1, Rgr 1
Components: V, S
Casting Time: 1 standard action
Range: Personal
Target: You
Duration: 1 min./level

You can comprehend and communicate with animals. You are able to ask questions of and receive answers from animals, although the spell doesn't make them any more friendly or cooperative than normal. Furthermore, wary and cunning animals are likely to be terse and evasive, while the more stupid ones make inane comments. If an animal is friendly toward you, it may do some favor or service for you (as determined by the DM).

Summon Nature's Ally I

Conjuration (Summoning)
Level: Drd 1, Rgr 1
Components: V, S, **DF**
Casting Time: 1 round
Range: Close (25 ft. + 5 ft./2 levels)
Effect: One summoned creature
Duration: 1 round/level (D)
Saving Throw: None
Spell Resistance: No

This spell summons a natural creature. It appears where you designate and acts immediately, on your turn. It attacks your opponents to the best of its ability. If you can communicate with the creature, you can direct it not to attack, to attack particular enemies, or to perform other actions.

A summoned monster cannot summon or otherwise conjure another creature, nor can it use any teleportation or planar travel abilities. Creatures cannot be summoned into an environment that cannot support them. For instance, a porpoise may only be summoned in an aquatic environment.

The spell conjures one of the creatures from the 1st-level list on the accompanying Summon Nature's Ally table. You choose which kind of creature to summon, and you can change that choice each time you cast the spell. All the creatures on the table are neutral unless otherwise noted.

Animal Messenger

Enchantment (Compulsion) [Mind-Affecting]
Level: Brd 2, Drd 2, Rgr 1
Components: V, S, ~~M~~
Casting Time: 1 standard action
Range: Close (25 ft. + 5 ft./2 levels)
Target: One Tiny animal
Duration: One day/level
Saving Throw: None; see text
Spell Resistance: Yes

You compel a Tiny animal to go to a spot you designate. The most common use for this spell is to get an animal to carry a message to your allies. The animal cannot be one tamed or trained by someone else, including such creatures as familiars and animal companions.

Using some type of food desirable to the animal as a lure, you call the animal to you. It advances and awaits your bidding. You can mentally impress on the animal a certain place well known to you or an obvious landmark (such as the peak of a distant mountain). The directions must be simple, because the animal depends on your knowledge and can't find a destination on its own. You can attach some small item or note to the messenger. The animal then goes to the designated location and waits there until the duration of the spell expires, whereupon it resumes its normal activities.

During this period of waiting, the messenger allows others to approach it and remove any scroll or token it carries. Unless the intended recipient of a message is expecting a messenger in the form of a bird or other small animal, the carrier may be ignored. The intended recipient gains no special ability to communicate with the animal or read any attached message (if it's written in a language he or she doesn't know, for example).

~~*Material Component:* A morsel of food the animal likes.~~

Animal Trance

Enchantment (Compulsion) [Mind-Affecting, Sonic]
Level: Brd 2, Drd 2
Components: V, S
Casting Time: 1 standard action
Range: Close (25 ft. + 5 ft./2 levels)
Targets: Animals or magical beasts with Intelligence 1 or 2
Duration: Concentration
Saving Throw: Will negates; see text
Spell Resistance: Yes

Your swaying motions and music (or singing, or chanting) compel animals and magical beasts to do nothing but watch you. Only a creature with an Intelligence score of 1 or 2 can be fascinated by this spell. Roll 2d6 to determine the total number of HD worth of creatures that you fascinate. The closest targets are selected first until no more targets within range can be affected. For example, if Vadania affects 7 HD worth of animals and there are several 2 HD wolves within close range, only the three closest wolves are affected.

A magical beast, a dire animal, or an animal trained to attack or guard is allowed a saving throw; an animal not trained to attack or guard is not.

Barkskin

Transmutation
Level: Drd 2, Rgr 2, Plant 2
Components: V, S, **DF**
Casting Time: 1 standard action
Range: Touch
Target: Living creature touched
Duration: 10 min./level
Saving Throw: None
Spell Resistance: Yes (harmless)

Barkskin toughens a creature's skin. The effect grants a +2 enhancement bonus to the creature's existing natural armor bonus. This enhancement bonus increases by 1 for every three caster levels above 3rd, to a maximum of +5 at caster level 12th.

The enhancement bonus provided by *barkskin* stacks with the target's natural armor bonus, but not with other enhancement bonuses to natural armor. A creature without natural armor has an effective natural armor bonus of +0, much as a character wearing only normal clothing has an armor bonus of +0.

Bear's Endurance

Transmutation
Level: Clr 2, Drd 2, Rgr 2, Sor/Wiz 2
Components: V, S, **DF**
Casting Time: 1 standard action
Range: Touch
Target: Creature touched
Duration: 1 min./level
Saving Throw: Will negates (harmless)
Spell Resistance: Yes

The affected creature gains greater vitality and stamina. The spell grants the subject a +4 enhancement bonus to Constitution, which adds the usual benefits to hit points, Fortitude saves, Constitution checks, and so forth.

Hit points gained by a temporary increase in Constitution score are not temporary hit points. They go away when the subject's Constitution drops back to normal. They are not lost first as temporary hit points are (see page 146).

Bull's Strength

Transmutation
Level: Clr 2, Drd 2, Pal 2, Sor/Wiz 2,
Strength 2
Components: V, S, ~~M~~/**DF**
Casting Time: 1 standard action
Range: Touch
Target: Creature touched
Duration: 1 min./level
Saving Throw: Will negates (harmless)
Spell Resistance: Yes (harmless)

The subject becomes stronger. The spell grants a +4 enhancement bonus to Strength, adding the usual benefits to melee attack rolls, melee damage rolls, and other uses of the Strength modifier.

~~*Arcane Material Component:* A few hairs, or a pinch of dung, from a bull.~~

Components: V, S, ~~M~~
Casting Time: 1 standard action
Range: Touch
Target: Creature touched
Duration: 1 min./level
Saving Throw: Will negates (harmless)
Spell Resistance: Yes

The transmuted creature becomes more graceful, agile, and coordinated. The spell grants a +4 enhancement bonus to Dexterity, adding the usual benefits to AC, Reflex saves, and other uses of the Dexterity modifier.

~~*Material Component:* A pinch of cat fur.~~

Chill Metal

Transmutation [Cold]
Level: Drd 2
Components: V, S, **DF**
Casting Time: 1 standard action
Range: Close (25 ft. + 5 ft./2 levels)
Target: Metal equipment of one creature per two levels, no two of which can be more than 30 ft. apart; or 25 lb. of metal/level, none of which can be more than 30 ft. away from any of the rest
Duration: 7 rounds
Saving Throw: Will negates (object)
Spell Resistance: Yes (object)

Chill metal makes metal extremely cold. Unattended, nonmagical metal gets no saving throw. Magical metal is allowed a saving throw against the spell (Magic item's saving throws are covered in the *Dungeon Master's Guide*.) An item in a creature's possession uses the creature's saving throw bonus unless its own is higher.

A creature takes cold damage if its equipment is chilled. It takes full damage if its armor is affected or if it is holding, touching, wearing, or carrying metal weighing one-fifth of its weight. The creature takes minimum damage (1 point or 2 points; see the table) if it's not wearing metal armor and the metal that it's carrying weighs less than one-fifth of its weight.

On the first round of the spell, the metal becomes chilly and uncomfortable to touch but deals no damage. The same effect also occurs on the last round of the spell's duration. During the second (and also the next-to-last) round, icy coldness causes pain and damage. In the third, fourth, and fifth rounds, the metal is freezing cold, causing more damage, as shown on the table below.

Round	Metal Temperature	Damage
1	Cold	None
2	Icy	1d4 points
3–5	Freezing	2d4 points
6	Icy	1d4 points
7	Cold	None

Any heat intense enough to damage the creature negates cold damage from the spell (and vice versa) on a point-for-point basis. For example, if the damage roll from a *chill metal* spell indicates 5 points of cold damage and the subject plunges through a *wall of fire* in the same round and takes 8 points of fire damage, it winds up taking no cold damage and only 3 points of fire damage. Underwater, *chill metal* deals no damage, but ice immediately forms around the affected metal, making it more buoyant.

Chill metal counters and dispels *heat metal*.

Delay Poison

Conjuration (Healing)
Level: Brd 2, Clr 2, Drd 2, Pal 2, Rgr 1
Components: V, S, **DF**
Casting Time: 1 standard action
Range: Touch
Target: Creature touched
Duration: 1 hour/level
Saving Throw: Fortitude negates (harmless)
Spell Resistance: Yes (harmless)

The subject becomes temporarily immune to poison. Any poison in its system or any poison to which it is exposed during the spell's duration does not affect the subject until the spell's duration has expired. *Delay poison* does not cure any damage that poison may have already done.

Fire Trap

Abjuration [Fire]
Level: Drd 2, Sor/Wiz 4
Components: V, S, ~~M~~
Casting Time: 10 minutes
Range: Touch
Target: Object touched
Duration: Permanent until discharged (D)
Saving Throw: Reflex half; see text
Spell Resistance: Yes

Fire trap creates a fiery explosion when an intruder opens the item that the trap protects. A *fire trap* can ward any object that can be opened and closed (book, box, bottle, chest, coffer, coffin, door, drawer, and so forth).

When casting *fire trap*, you select a point on the object as the spell's center. When someone other than you opens the object, a fiery explosion fills the area within a 5-foot radius around the spell's center. The flames deal 1d4 points of fire damage +1 point per caster level (maximum +20). The item protected by the trap is not harmed by this explosion.

A *fire trapped* item cannot have a second closure or warding spell placed on it.

A *knock* spell does not bypass a *fire trap*. An unsuccessful *dispel magic* spell does not detonate the spell.

Underwater, this ward deals half damage and creates a large cloud of steam. You can use the *fire trapped* object without discharging it, as can any individual to whom the object was specifically attuned when cast. Attuning a *fire trapped* object to an individual usually involves setting a password that you can share with friends.

Note: Magic traps such as *fire trap* are hard to detect and disable. A rogue (only) can use the Search skill to find a *fire trap* and Disable Device to thwart it. The DC in each case is 25 + spell level (DC 27 for a druid's *fire trap* or DC 29 for the arcane version).

~~*Material Component:* A half-pound of gold dust (cost 25 gp) sprinkled on the warded object.~~

Flame Blade

Evocation [Fire]
Level: Drd 2
Components: V, S, **DF**
Casting Time: 1 standard action
Range: 0 ft.
Effect: Sword-like beam
Duration: 1 min./level (D)
Saving Throw: None
Spell Resistance: Yes

A 3-foot-long, blazing beam of red-hot fire springs forth from your hand. You wield this bladelike beam as if it were a scimitar. Attacks with the *flame blade* are melee touch attacks. The blade deals 1d8 points of fire damage +1 point per two caster levels (maximum +10). Since the blade is immaterial, your Strength modifier does not apply to the damage. A *flame blade* can ignite combustible materials such as parchment, straw, dry sticks, and cloth.

The spell does not function underwater.

Flaming Sphere

Evocation [Fire]
Level: Drd 2, Sor/Wiz 2
Components: V, S, ~~M~~/**DF**
Casting Time: 1 standard action
Range: Medium (100 ft. + 10 ft./level)
Effect: 5-ft.-diameter sphere
Duration: 1 round/level
Saving Throw: Reflex negates
Spell Resistance: Yes

A burning globe of fire rolls in whichever direction you point and burns those it strikes. It moves 30 feet per round. As part of this movement, it can ascend or jump up to 30 feet to strike a target. If it enters a space with a creature, it stops moving for the round and deals 2d6 points of fire damage to that creature, though a successful Reflex save negates that damage. A *flaming sphere* rolls over barriers less than 4 feet tall, such as furniture and low walls. It ignites flammable substances it touches and illuminates the same area as a torch would.

The sphere moves as long as you actively direct it (a move action for you); otherwise, it merely stays at rest and burns. It can be extinguished by any means that would put out a normal fire of its size. The surface of the sphere has a spongy, yielding consistency and so does not cause damage except by its flame. It cannot push aside unwilling creatures or batter down large obstacles. A *flaming sphere* winks out if it exceeds the spell's range.

~~*Arcane Material Component:* A bit of tallow, a pinch of brimstone, and a dusting of powdered iron.~~

Fog Cloud

Conjuration (Creation)
Level: Drd 2, Sor/Wiz 2, Water 2
Components: V, S
Casting Time: 1 standard action
Range: Medium (100 ft. + 10 ft. level)
Effect: Fog spreads in 20-ft. radius, 20 ft. high
Duration: 10 min./level
Saving Throw: None
Spell Resistance: No

A bank of fog billows out from the point you designate. The fog obscures all sight, including darkvision, beyond 5 feet. A creature within 5 feet has concealment (attacks have a 20% miss chance). Creatures farther away have total concealment (50% miss chance, and the attacker can't use sight to locate the target).

A moderate wind (11+ mph) disperses the fog in 4 rounds; a strong wind (21+ mph) disperses the fog in 1 round.

The spell does not function underwater.

Gust of Wind

Evocation [Air]
Level: Drd 2, Sor/Wiz 2
Components: V, S
Casting Time: 1 standard action
Range: 60 ft.
Effect: Line-shaped gust of severe wind emanating out from you to the extreme of the range
Duration: 1 round
Saving Throw: Fortitude negates
Spell Resistance: Yes

This spell creates a severe blast of air (approximately 50 mph) that originates from you, affecting all creatures in its path.

A Tiny or smaller creature on the ground is knocked down and rolled 1d4×10 feet, taking 1d4 points of nonlethal damage per 10 feet. If flying, a Tiny or smaller creature is blown back 2d6×10 feet and takes 2d6 points of nonlethal damage due to battering and buffeting.

Small creatures are knocked prone by the force of the wind, or if flying are blown back 1d6×10 feet.

Medium creatures are unable to move forward against the force of the wind, or if flying are blown back 1d6×5 feet.

Large or larger creatures may move normally within a *gust of wind* effect.

A *gust of wind* can't move a creature beyond the limit of its range.

Any creature, regardless of size, takes a – 4 penalty on ranged attacks and Listen checks in the area of a *gust of wind*. The force of the gust automatically extinguishes candles, torches, and similar unprotected flames. It causes protected flames, such as those of lanterns, to dance wildly and has a 50% chance to extinguish those lights.

In addition to the effects noted, a *gust of wind* can do anything that a sudden blast of wind would be expected to do. It can create a stinging spray of sand or dust, fan a large fire, overturn delicate awnings or hangings, heel over a small boat, and blow gases or vapors to the edge of its range.

Gust of wind can be made permanent with a *permanency* spell.

Heat Metal

Transmutation [Fire]
Level: Drd 2, Sun 2
Components: V, S, **DF**
Casting Time: 1 standard action
Range: Close (25 ft. + 5 ft./2 levels)
Target: Metal equipment of one creature per two levels, no two of which can be more than 30 ft. apart; or 25 lb. of metal/level, all of which must be within a 30-ft. circle
Duration: 7 rounds
Saving Throw: Will negates (object)
Spell Resistance: Yes (object)

Heat metal makes metal extremely warm. Unattended, nonmagical metal gets no saving throw. Magical metal is allowed a saving throw against the spell. (Magic item's saving throws are covered in the *Dungeon Master's Guide*.) An item in a creature's possession uses the creature's saving throw bonus unless its own is higher.

A creature takes fire damage if its equipment is heated. It takes full damage if its armor is affected or if it is holding, touching, wearing, or carrying metal weighing one-fifth of its weight.

(***Heat Metal cont.***) The creature takes minimum damage (1 point or 2 points; see the table) if it's not wearing metal armor and the metal that it's carrying weighs less than one-fifth of its weight.

On the first round of the spell, the metal becomes warm and uncomfortable to touch but deals no damage. The same effect also occurs on the last round of the spell's duration. During the second (and also the next-to-last) round, intense heat causes pain and damage. In the third, fourth, and fifth rounds, the metal is searing hot, causing more damage, as shown on the table below.

Round	Metal Temperature	Damage
1	Warm	None
2	Hot	1d4 points
3–5	Searing	2d4 points
6	Hot	1d4 points
7	Warm	None

Any cold intense enough to damage the creature negates fire damage from the spell (and vice versa) on a point-for-point basis. For example, if the damage roll from a *heat metal* spell indicates 2 points of fire damage and the subject is hit by a *ray of frost* in the same round and takes 3 points of cold damage, it winds up taking no fire damage and only 1 point of cold damage. If cast underwater, *heat metal* deals half damage and boils the surrounding water.

Heat metal counters and dispels *chill metal*.

Hold Animal

Enchantment (Compulsion) [Mind-Affecting]
Level: Animal 2, Drd 2, Rgr 2
Components: V, S
Target: One animal

This spell functions like **hold person*, except that it affects an animal instead of a humanoid.

*Hold Person

Enchantment (Compulsion) [Mind-Affecting]
Level: Brd 2, Clr 2, Sor/Wiz 3
Components: V, S, ~~F~~/**DF**
Casting Time: 1 standard action
Range: Medium (100 ft. + 10 ft./level)
Target: One humanoid creature
Duration: 1 round/level (D); see text
Saving Throw: Will negates; see text
Spell Resistance: Yes

The subject becomes paralyzed and freezes in place. It is aware and breathes normally but cannot take any actions, even speech. Each round on its turn, the subject may attempt a new saving throw to end the effect. (This is a full-round action that does not provoke attacks of opportunity.)

A winged creature who is paralyzed cannot flap its wings and falls. A swimmer can't swim and may drown.

~~*Arcane Focus:* A small, straight piece of iron.~~
